

Module 3

Mezzanine

- Fully equipped kitchen
- Bathroom
- Double bed
- Passive solar natural heating
- Double bay window
- Outdoor patio

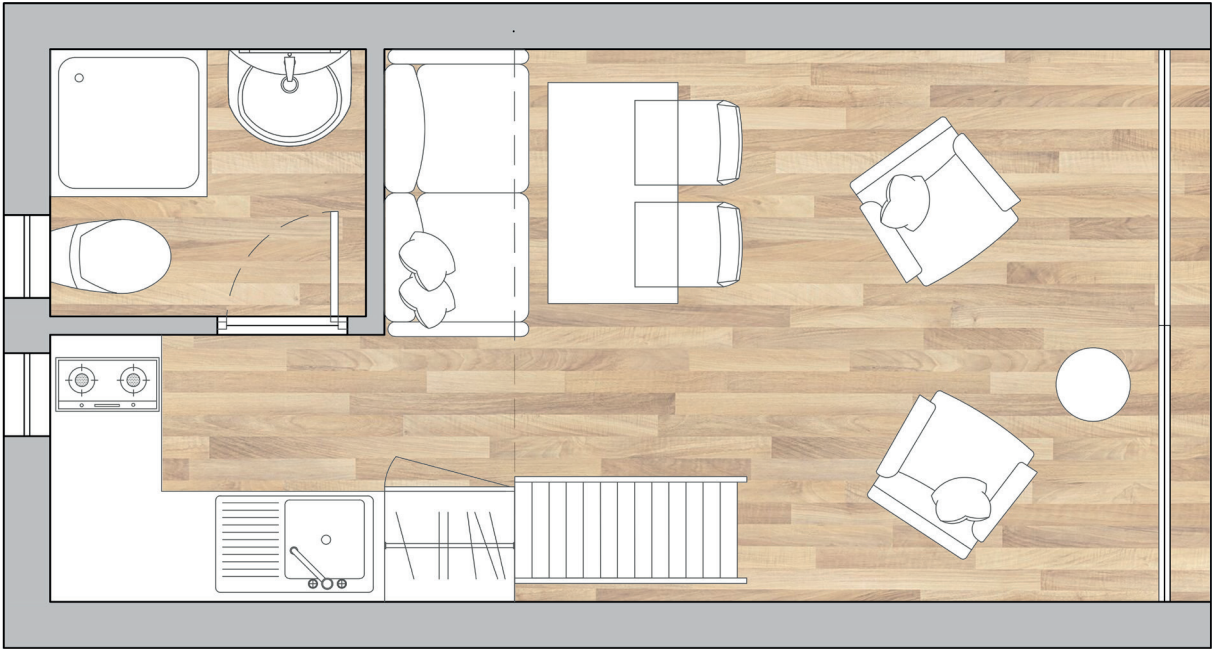

description

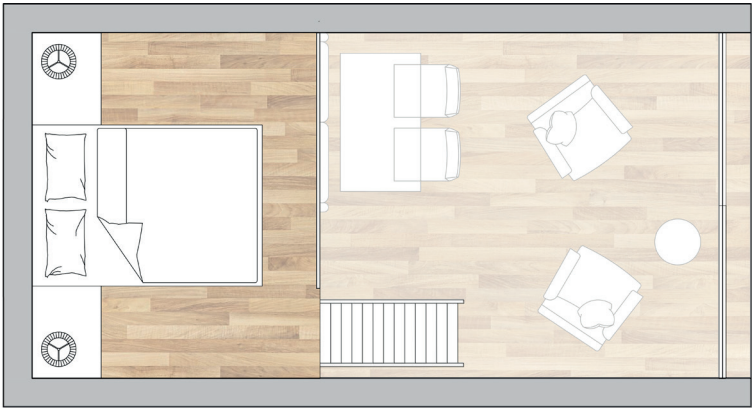

The living area is extended by the fitting of a mezzanine designed for resting, directly located under the vault with a view overlooking the living room. Thanks to the mezzanine we can physically separate the sleeping space from the activity space, and leave those who wish to sleep upstairs.

On the Ground Floor, a sofa bed opens up the possibility of providing accommodation for 4 people, moreover the gained space allows the Kitchen to be clearly differentiated from the
